First Hit on "Mike's Magic Wand" – Robert Twigg

2nd Hit – Scott Williams

First of all our thanks to our gracious Lady Paramount, Lady Sarah Conisbee of the Duchy of Cornwall, to our Kings Herald, Peter Conisbee who made sure of fair play in the Battle against the French, and Andy Parkinson & Scott Way for keeping the the morning shoot moving, Thanks again to our gallant field crew both for their labours on the Saturday PM and who worked very hard during the whole day on Sunday. My thanks go to Bev Parkinson for keeping you all fed with the bacon butties in the morning, and to Andy and their friend Tony for their help with the refreshments during the day [when Andy wasn't Field Captaining]. I am sure we all appreciated the efforts our gallant "St. George" [Peter Fleet] had made with all the new characters of the French Army after for the extra embellishments around the battle field. I'm glad the weather was kind to us and special thanks to all of those who made such splendid effort with the traditional costumes. You all looked great and made our day more special. On a bit of a serious note – the last two events we have organised we appear to have lost some of our Red Mugs. **These have the DCAS logo on and Tors painted on in tippex in white.. Could you all please search your bags etc and see if you have got one hiding there as we would like to get them back! Thankyou.**
