First of all thanks to our AM Field Captain, Christopher Vitali, and for his other role as King's Herald in the PM. We are so sorry about the weather, but it would seem that "our drought" is over!! Congratulations to all those stalwarts who carried on with the battle in the afternoon when the weather took a turn for the worse. We hope you all enjoyed your day, despite the elements and we thank you for supporting this special shoot. Special thanks to all our field party who worked on Saturday afternoon, and for their hard work yesterday moving targets and laying the PM field of the French Army out in readiness for the battle. Thanks are due to them for clearing away the field at the end of the day and coping with all the wet bosses and stowing them away safely. We hope that all the efforts of Peter Fleet in creating the wonderful targets won't be wasted and that the French "army" can be saved for subsequent years. We also thank Hester for staying out all day scoring and encouraging our Junior, Thomas, and for helping me during the breaks with serving refreshments. Finally, our grateful thanks to our Lady Paramount, "the Lady Carol of Hartley".
